U. S. V. R. OFFICE
AT CHATTANOOGA IS DISCONTINUED

Action was taken as Result of Deci
dion of Director Hines to Cut Out 19 Sub-District Of
cficers in Tennessee State Bureau. Mean Sav
ing of $500,000.

The discontinuance of the Chatta
nooga Sub-District office of the Tennessee State Board has recently been announced. This discontinuance is in line with the policy of Director Frank T. Hines of the bureau which has as its aim the cutting down of overlapping official

School, 3 from the College of Lib
eral Arts, 22 from the College of
Engineering; 21 from the Col
lege of Agriculture; and 9 from the
College of Law.

Six Vocational Teachers Among Graduates—One Each in Lib
eral Arts and Law, and Four in Agriculture; Congressman
Finnis J. Garrett Deliver Addresses.

The most important in the history of the University of Tennessee ever gathered in Jefferson Hall Wednesday, June 6, to receive certificates of graduation from the President of the University, and to listen to a final lecture before going out to the annual and forty-eighth from the Knoxville departments alone, were caps and gowns for the first time. The graduates from the medical, dental and pharmacy colleges at Memphis swell the total to well above two hundred. This commencement was also unique in that the Vocational Department contributed six successful candidates for degrees.

WHY JOIN AN EX-SERVICE MAN'S ORGANIZATION?

This is a question that has come into the mind of most ex-service men. And judging from the membership lists of the two most important ex-service men's organizations for veterans of the World War, all too many of our buddies have not been able to muster sufficient arguments in their minds to persuade themselves of the benefit that such action will bring to them. Too many more merely nod, and then settle down into listless inactivity, taking very little interest in what their organizations are trying to do, but clamoring loudly when somebody else believes what their organizations are able to secure. These are the men that want somebody else to carry their packs for them—somebody else to divide the dangers with them—and who are nevertheless unwilling to return the favor.

There are some mighty good reasons why every ex-service man should join the American Legion, and, if disabled in the service, to the Disabled American Veterans of the World War also. Let us begin with the least important of these reasons, and work our way down to the ones that would have least appeal to places you have been. They think the way you think about many things. There is a bond of sympathy between them and you. You can operate between ex-service men and those who did not see service.

The most important reason for every ex-service man being a member is this, that both of these organizations, however, in that they furnish the means whereby he may secure his rights—the only sure means. Who has brought about legislation favorable to the ex-service men? There is no need to point out instances—you can think of half a dozen where, had it not been for the American Legion, the D. A. V., you would not be enjoying the benefits you enjoy today. This used to be an individualistic country. It is not so today. It used to be that an individual could go out and get what he needed and when he wanted. Today he must attach himself to a body of men who want the same thing he wants. Look at the labor unions, the capitalistic association. That is how it is with the American Legion, the Parc Elise, and with your local chapters. That shows how it is necessary to act today to secure results you don’t get from the ex-service men are not fighting single-handed against the benefits the American people have accorded to us in the past, we were glad to have.

K

(Continued from Last Issue)

An almost unlimited number of examples could be cited showing the working results under the words: "Kaiser," the spell of which means "destroyer of the world to break: "Kaiser"—you can conceive of ever being the name of "Kain.") Think of the names of "Kuh-Kahn," "Ko-Kahn," "Kuh-Kah.

PHIL OSSIFURIS'S GOLYUM

The modest shall inherit the earth—If they love me K at all.

No one can deny that America has contributed much to the world in the matter of free government—and its influence has continued so much that she has nowhere left.

The coup d'etat in Bulgaria does not seem to have noticeably disturbed the hogans' antiquated market in this century.

Henry Ford says he thinks the Iowa and Nebraska ought to be used to supply Illinois Horse. The boys sure will pet it down if they can do it.

Ford is absolutely against "hoofed"; says it never did any good and never will. He admits that the whole story of their ever being a deep at it.

Give it a chance, Henry. How can you expect it to bear results without appreciating it?

A sheep is a house: It's full of ov.

Penny ivy government manages to vary along in that country, in spite of poor—have power.

I know something that has filled me with rage. It has such screaming drive that one blogger.

"Where are the signs of yesterday?"

A man never asks at all; do not know, nor do I care. But little does he know, I'd like to ask, who sells—can.

Where are your pledges of last fall?

Merely Personal

Mr. Hove was called out of town from Sunday, June 3, to Wednesday, June 6, on account of the death of his wife's uncle, Mr. Allen, of Greenville.

Miss Hirsemann was away from the office Friday, June 8, on account of serious sickness in her family at Greenville.

"Floss" Humeitt, formerly of the Farm Crops Class, now of Cool Crops, Tenn., was in Clinton June 1st.

H. H. Claiborne, recently a student in the U. T. Vocational Department, has new instructions for the "Voice" to be forwarded to Leon Beach, California, where he is at present located.

Blazer Boll, of near Maryville, is a new student in the Hardware Engineering Department.

S. C. Davis, well-known buddy who has been at U. T. about two years studying in the Agricultural Engineering Department, has gone to the U. S. V. Hospital No. 48 in Memphis. Davis

ARROW SHIRTS

The kind of workman's shirts you find in Arrow shirts don't come out in the wash. It remains long after the good cloth has shown evidences of wear and tear. And the color stays, too. We carry a strong variety of the newest Arrow creations, and we want you to see them before the best in the collection is gone.

VESTS OFF CALLS FOR NICE SHIRTS

Come in and Look Over Our Line.

Also a complete line of lightweight clothing.

ADDITION IS NEW REPORTER FOR MECH. DRAFTING DEPT.

Mr. C. H. Moore, correspondent of the "Vocational Voice" who has attended three national conventions, has been assigned to the diplomatic staff of the "Vocational Voice." He has been assigned to the diplomatic staff of the "Vocational Voice." He was discharged in the last two weeks. He will be missed greatly.

Mr. Dan W. Hinkle, former editor of the "Vocational Voice," who has been associated with the "Vocational Voice" for many years, while on an extended vacation in New York, will attend the summer session of the University this summer.

Mr. A. C. Baker, of the University of Tennessee, is a new instructor in Mathematics in the U. T. Vocational Department.

Mr. W. C. White, who was an instructor in the Vocational Department next term, has been appointed to the Institute on the Hill in the latter part of May. While has been teaching in Nashville, he will attend the "Voice" together all the next year.

Mr. W. F. Mather, instructor in the Vocational Department, is a permanent faculty member at Maryville. He and White have been attending the "Voice" together all the next year.

CONFessions of a College Student

(Continued from Page 2)

end of each academic period, two weeks, during which each of our students may visit all the towns possible within the area. In order to avoid the angry waves of popular indignation, in some instances--not in all--the change of exchange places is necessary.

At the time, it is his intention to discontinue the practice of exchanging exchange places in order to divert suspicion from himself, both, if need be, to have an innocent man for the crime he himself has committed. In view of these circumstances, it will readily be agreed that it is absolutely necessary for the name of the exchange place in question to be kept secret, at least until he has had time to finish his studies of exchanges.

 Afterwards, the Editor does not say that he will not say, if sufficiently persuaded by the facts, make the Author's name known, and deliver him over to the torture he richly deserves.

As to the name of the college where the last of these confessions took place, such confessions will apply to any institution of the same size and type, and therefore the truth will be wider in its application and conviction power if everybody is allowed to think that it is being said and refers to his own Alma Mater: for this reason the name of the college, as well as that of the Author, has been censored.

MURRAY OF THIRD CREEK GETS "LITTLE RED RUIDIC"

B. R. (Canticle) Hicks has at last landed a fish, but unlike Andy Gump of comic strip fame, he did not singe and let it get away. The secret of Canticle's success in securing the ess of his fish is that he used a line that was irresistible, plenty of cord to play him out with, and a hook that beg the fish to the Levitation. Hicks is to be congratulated on his proficiency as a fisherman.

It is understood that the fish the transaction was secured over the half-century was not known for sure what it was and the consideration went, what Hicks paid it to Murray as a bribe to get him to take the car, or whether Murray was really taken to the point where he parted with the car, for the uncanny pleasure of calling the "Little Red Ruidic," his own.

At any rate, we congratulate "Canticle" on getting rid of said "Little Red Ruidic."
